

### Mathematics

**'People come in many shapes, sizes and colours. There are animals, too. They come in even more shapes, sizes and colours'**

In mathematics in the Autumn term, Base 2 will be looking at composition of numbers. We will also be focusing on strategies for addition and subtraction with a strong understanding of number line. Children will also be learning the multiples of 10 up to 100 and Year 2 children will be looking at addition and subtraction with multiples of ten.

### English

**'Be patient, you'll learn how to use words soon enough.'**

In Autumn Term, Base 2 are going to be looking at setting narratives and diary entries. In both of these genres, children will be enjoying, exploring and responding to a range of texts determining a purpose and audience. They will become familiar with text structures, language features moving onto planning and writing their own narratives and diary entries. Once children have drafted their writing, they will begin to edit to improve.

### Science

**'You may not be able to speak yet either, even though your head is filled with questions.'**

In science, Base 2 will be focusing on everyday materials and their properties and use. There will be a link between our school and the properties of materials in the school and their uses.

### Design and Technology

**'We are glad you found us, as space is very big.'**

Sticking with the link to our school, Base 2 will be looking at free standing structures including our play equipment and park equipment. Children will move through the design process and finish with their own product.

### History

**'Though we have come a long way, we haven't quite worked everything out, so there is plenty left for you to do.'**

Wrenbury Primary School was built in 1876 during the reign of Queen Victoria, a great age for the economic progression and industrial expansion. Pupils will learn about life during this period and compare this to their lives today.

### Geography

**'The planet is basically made up of two parts.'**

Base 2 will be using simple fieldwork and observation skills to study the school and the grounds. Children will also look at human and physical features of the landscape and look at North, East, South and West including the use of a compass.

### Art and Design

**'Make sure you look after it, as it's all we've got.'**

Making links to DT, children will be looking at 3D art and sculpture through the use of playful making. This will include a variety of mark making exploring different textures, materials and tools.

### PE

**'The most important things for people to remember are to eat, drink and stay warm.'**

In Autumn term, Base 2 will be looking at agility and coordination in hockey, and then move onto dance and basketball developing throwing and catching.

### Computing

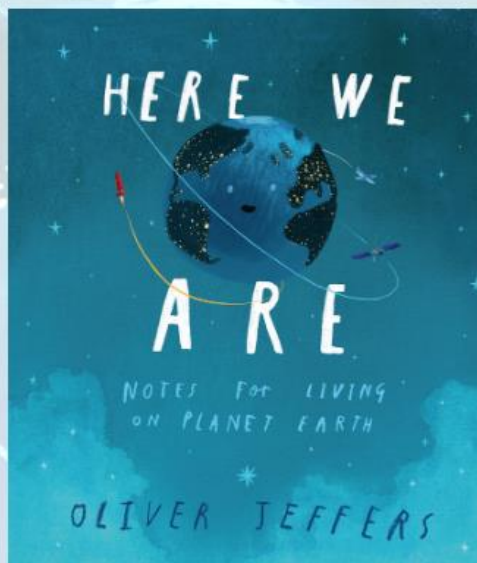

**'Things can sometimes move slowly here on Earth.'**

Children will be learning how to program animation.

### Music

**'You will figure lots of things out for yourself. Just remember to leave notes for everyone else.'**

In music, Base 2 will be introduced to beat, rhythm and pitch.

**Planning Overview**  
**Autumn 2022 – Here we are**  
**Base 2, Year 1/2**  
**Mr Thorburn**

### RE

**'On our planet, there are people. One person is a person. You are a person.'**

Children will be learning about Hinduism and values, moving onto Christianity and the Christmas Bible Stories.
