

B2 Y1-2 Art Autumn 2020

A sense of place; a sense of belonging:

The children have created self-portraits applying different media.

First of all, the children used pencil to draw their features. Notice how they are now drawing features like eyelashes and nostrils and thinking of the position of their nose and shape of their mouth!

Then the children used watercolour paint to colour their facial features.

Finally, they used oil pastel to recreate their hair.

Their classroom display of their self-portraits at different stages showcases their uniqueness 'This is me'.
