

30th March 2020

Hello Base 2!

I hope you are all well and have been enjoying the sunshine! I thought I would write you all a letter so we could all keep in touch while we're away from school. I have been looking at the school website every day to see all the lovely things you have all been doing.

First of all, I wanted to say a big 'Happy Birthday' to Freddie Roberts! I hope you had a lovely day, and enjoyed building your Avengers Lego set. It looked very tricky! We will have to finish off our dinosaur Lego sets when we go back to school.

It is great to see so many of you making a start on your Geography projects. Your England flag made out of Hamma beads looks fantastic Fraser, a very inventive way to create the different flags of the UK countries. Henry and Ollie, it looks like you've been finding out lots about flags too! I can't wait to see what you have all learnt about the UK. Have you found out any interesting facts? What is your favourite?

I am glad to see that so many of you have been making the most of the beautiful sunshine! We've had Penny doing some bird watching and writing a super list of every bird she spotted, Emily playing with tigers in her garden, Leo has been planting, and Maisie has made grassheads with her little brother. I would love to see what these look like! I wonder if we could all plant something to look after and watch how it grows while we're not at school. You could keep a diary of what is happening or draw some diagrams and label them to keep track of the changes. I'd love to see how many different things we could grow. Maybe Captain Fantastic could help us learn all about plants and how they grow, Scout!

Whilst I have been out on my daily walk, I have spotted rainbows in the windows of some houses. Then, I noticed that lots of you have also made some rainbows! These are lovely and really make me smile when I see them so I am sure they have put smiles on lots of other people's faces too.

It looks like you're all working hard but also enjoying yourselves with your families by doing lots of things like baking/cooking, PE, and arts and crafts. I hope your flapjacks were nice Freddie, I think I might try making some myself. Maybe I could use your recipe! What has been your favourite thing you've done since you've not been at school?

Keep sending pictures and messages in as it is great to see all the things you are doing during this time.

I hope to hear from you all soon!

From

Miss McKinnon
