

Dear parent /carer,

Please find attached our report, following our school's Ofsted Inspection on 12 January 2023.

It has been 5 years since our last inspection, and we are delighted that the inspection team has recognised that the school continues to be a 'Good' school under Ofsted's most recent Education Inspection Framework. The focus for this inspection was on the 'Quality of Education' delivered at Wrenbury, the children's behaviour and attitudes and ensuring that safeguarding remains effective.

When reading the report, you will see clearly the school continues to deliver an education for all our children. As the Wrenbury Team has always endeavoured to live up to the school's motto 'We all matter' and is continually striving to be the best it can be and do the very best it can for each and every one of our children. We are, therefore, extremely proud that the inspectors recognised this during their visit. We are delighted that our '*pupils are **proud to belong to a school where everyone matters***' and that the inspectors recognised that our children '*are **exceptionally well cared for***'. You will read that: '*Leaders have **high expectations of pupils' achievement and behaviour. Pupils take **great pride** in their work and typically behave well...[and]...Pupils, including those with special educational needs and/or disabilities (SEND), are **fully involved** in school life.***'

The governors would like to thank Mrs Cador and all the team at Wrenbury for their dedication and commitment in providing both a high quality and range of educational experience and personal wellbeing for all the children at Wrenbury, which enables our children to '*build their learning well over time*' and '*leave the school ready for the challenges of the key stage 3 curriculum*' and '*well prepared for their future lives.*'

As a governing body, we would also like to thank you, our parents and carers, for your support and '***overwhelmingly positive***' views about the school.

We would highly recommend that you read the school's Ofsted report in full.

Yours faithfully,
Mr Terry Whalley
(Chair of Governors on behalf of the Governing Body)
