

Wrenbury Primary School Newsletter

26th June 2026

Wow- what an incredible Health and Wellbeing week in the sunshine! As always, the week kicks off with a Wrenbury Walk – something that we repeat every day. It is always wonderful to see the children and their families enjoying this time together, taking in the wonderful environment in and around our school. The week has included so many interesting and engaging activities which support us all to learn about our health and wellbeing. On Monday, we all enjoyed a PE enrichment session- working on our physical health while enjoying working as part of a team. This week also treated us with busy farmers in the field. We have so many aspiring farmers that this just spurred on their desire to learn more about this possible career. It is always lovely to see the children enjoy and appreciate this element of rural life first hand. The children further enjoyed community life by working closely with PC Sharon, PC Nick and PC Millie on road safety. At the beginning of the week the children carried out a speed check in the village – asking some hard hitting questions to those who were stopped. Later on in the week our Year 5 children worked with Sharon, Nick and Millie to teach our Base 1 children about road safety. We recreated a road on the school playground and explained how to cross the road when there are parked vehicles.

Most of our Year 6 pupils have visited their high schools this week as part of their transition – we are very proud of them but are also sad to know we have to let them leave soon. However, once a Wrenbury child, always a Wrenbury child! As well as this, the children have enjoyed yoga, health hackers, cricket and gardening club have prepared their garden for a competition at Arley Hall on Saturday. The children have proudly grown and cared for all the plants in their garden from seed- well done! What an amazing week! Thank you to everyone who has helped make this week so enjoyable for the children.
